

# SCW BEADERS NEWSLETTER

July 2015

page 1 of 2

Hello fellow beaders. Here it is almost the middle of summer and we are baking away. There is one way to stay cool and that is to visit the bead club during our club hours. The room at Beardsley is really cool and I mean that in an air-conditioned kind of way. The men and women are friendly, there is a fridge to hold your lunch and snacks, and plenty of projects to do.

I just got an email from Sue talking about the times to submit your items to QC for the Fall Craft Fair, so don't think you have unlimited time to get ready, because in addition to being a member in good standing, you can start bringing your stuff on October 14- initials D,E, and F. That is barely 3 months away, and you know how time flies when you are having fun.

I am sorry I missed the annual pool party at Toni's house, I'll bet it was a fun time for all. Thank you Toni for so graciously hosting the party yet another year.

Class wise there is not much going on in July and August. I will be teaching a basic kumihimo class for the first three Mondays in July, Just let me know what part you are interested in so I can have supplies ready. I know I said I would do a pearl knotting class, but I think I will push that off until August.

Jude Foster will be teaching a tennis bracelet (right angle weave) class on July 8 at 1:00. This class is good for beginners. Materials list and sign-up sheet are in the class book. Beads Unique has the bicones and other materials in stock and they give members a discount.

I had a wonderful time in Sue Lord's Beaded Heart class. She is a great teacher with lots of patience (and she really needed it, with us!). If Sue teaches another class be sure to sign up. You will enjoy it.

So far we have not had any new members since last month, but keep your eyes open for those yellow ribbons and for everyone else, and make sure to make your fellow beaders feel welcome. We want to get a reputation, for being the friendliest club in Sun City West. Don't feel like you have to bead when you come to

## HOURS AND POLICIES

Monday 6pm-9pm

Wednesday 10am-4pm

We are a **NO SCENTS, NO PETS** club. We are here for the beading, so please be mindful of all of our members.

the club, you are welcome to just schmooze. (That means talking and passing the time with friends!)
