

Hi there boys and girls, or men and women as the case may be. Hope you are all doing well in this heat and humidity. It is getting to that time of year when the snow birds will be returning to Capistrano, or Sun City West. Our schedules will start to get busier and there will be more classes.

Our very own bead store has opened and is doing well. Zina has gotten in a lot of Kumihimo items: satin cord in various sizes, clasps, S-lon thread, weighted bobbins, forms, etc. Please stop and see the beautiful display. So stop by and keep her busy as she is always rearranging her stash to make it more eye appealing to us bead-ers.

While there are not many classes now, come September and October it will be busy. Pat Koontz and her crew have already set up for the next ornament class. It is in the book

in October, so, summer survivors, get down to the club with your check and sign up for another wonderful class.

I will also resume the Kumihimo classes in the fall, dates to be determined. I am trying to learn new patterns to pass along to you. They say you can't teach an old dog new tricks, but darn it, I'm not bow-wowing out yet!!

Don't forget to check out page two to see our three month calendar.

I hope I haven't forgotten anything, yet I know I have.

See you next month, same bead time, same bead channel.
