

SCW BEADERS NEWSLETTER

SEPTEMBER 2014

PAGE 1 OF 2

Hello fellow beaders,

Welcome to the SCW Beaders monthly newsletter. We will soon start welcoming back our winter visitors. The stores will be a little more crowded, but we are looking forward to seeing our dear friends who have been gone for awhile.

Lots of new stuff on the horizon. The new Fry's will be open by the time you read this. Zina's store, Bead-unique, has been open since July and it is looking better every day. She is trying to cater to all of our needs. Just let her know if there is a particular item you have been looking for and I am sure she will try to get it for you.

For those of you into Kumihimo she has outdone herself. There is a beautiful display of satin cords in a wide variety of colors and sizes, lots of new end caps and cones, and of course a bevy of beads.

We have tried to stay busy and cool during the summer months. There have been some new classes, with many more coming up. Make sure to check the class book, sign up for a class and leave your check.

The Craft Fair is coming in November. November 8th to be exact and shortly after will be our December 6th Fling. Our February Fling is but a mere few days after the bus trip to Tucson. Oh, did I forget to mention the bus trip to Tucson. Well I can't wait, I have a sneaky suspicion that Vickie has a few good ideas in store for us, and I for one am ready.

As you know, I have hardly any beads, as do most of you, so I am looking forward to adding to my stash, or should I say my in-house store.

I will still be teaching the beginner stringing class to new members, and to anyone else who needs a refresher. Just sign up in the book. When Mary Hester gets back, she will be teaching also.

We are a very talented club, with many of our members versatile in many styles. Just walk around and look at the various projects the members are creating. Many of our members are teaching classes in those very same projects. They are a fun learning experience. After all you can never be too thin or have too many beads, or bling!!!

Make sure you are reading and checking your emails, with so many shows coming up you want to make sure you are qualified to display and sell your wares. Marlene Brady has done a bang up job of keeping track of all of those teaching and monitoring and other stuff you can do to be a participating member when it comes to selling your jewelry.

When the Village Store reopens, which will be by the time you read this, they will be charging the extra tax within the price of your item, so adjust your amounts accordingly. Just like you do for the Fair and the Fling.

Page two will have the three month calendar, so check it out.
