OCTOBER 2017 Cooler weather prevails

Page 1 of 2

Hi there to all of our returning Snow Birds and to all of our intrepid members who managed to survive yet another summer here in sunny and very, very, very, hot Arizona. Anyway, welcome back all of you. The weather has finally turned and it is a glorious time to be beading. We have a raft of new members who are eager to learn and start buying beads.

A big, big club thank you again to Bobbie Jones, back from vacation and ready to take orders for Fire Mountain. Thank you Bobbie for all you do, it is greatly appreciated, by all of us.

Mark October 24th on your calendars, why you ask, well I will tell you. That is the 13th Anniversary of the founding of our club. Can you believe it, we have been around a mere 13 years, and have come a million miles from the start. We are growing and learning each and every day.

CLASSES:

We have classes scheduled, so check the book each time you come to the club, as new classes are always being added. Remember you must leave a \$5.00 refundable (when you show up) check in the appropriate envelope when you sign up for a class.

THE FALL CRAFT FAIR:

The Fall Craft Fair is under way, signup sheets are on the monitors table and a schedule for Q.C. is posted and in your emails. All of the forms have been sent to you in your aforementioned email, so you can print them out and start beading. Last one in is a rotten egg. Okay I put that there to see if you were paying attention. November will be here in a minute and you don't want to wait until the last minute to get ready and have to rush to fill out the forms. The Craft Fair is November 4th from 8:00am til 2:00pm. You must work some part of the Fair in order to be able to participate. You must be a member in good standing, so again check your emails for all of those lists, and sign up at the Monitors Desk.

The Winter **BLING FLING** is only one minute behind the Craft Fair. Mark on your calendar **DECEMBER 2nd 9:00am-3:00pm**. If you do not know what a Bling Fling is, just ask any member and they will be happy to bring you up to date. We are very lucky as a club to be able to do this, there was a lot of work that had to be done to get this started, and we are blessed to be able to continue. There are only a handful of clubs that have an extra show in addition to the Craft Fairs.

Onward and upward, there are even more things on the horizon, for example, the Tucson Trip to the largest bead, gem and mineral show

in the country. We have a few months before it comes up, so start saving your money now. There will be some changes to the day, which should make it easier on everyone. I don't want to let the cat out of the bag, so I will let Bobbie tell you all about it, a little later in the year.

MEETING HOURS AND CONSIDERATIONS
Monday 6pm-9pm
Wednesday 10am-4pm
We are a non- smoking, no scent club. Please keep the politics at home, as a courtesy to our members.

That's ab out all I can think of for now. I will come back a little later and add whatever I have forgotten in the moment. So enjoy and go on to look at the calendar for the upcoming months.
